

PULITZER BROADCASTING COMPANY

EXHIBIT 1

On April 17, 1990, Pulitzer Broadcasting Company filed a Petition for Rule Making requesting that the Commission amend the Television Table of Allotments, Section 73.606(b) of the Rules, to reallocate Channel 3 from Gallup to Farmington, New Mexico.

Failure to construct is for reasons beyond the control of the permittee. There is no transmitter site which would be capable of providing a city-grade signal over the communities of Gallup and Farmington. Accordingly, if Pulitzer Broadcasting Company were to construct a television station at Gallup and the Commission were to reallocate Channel 3 to Farmington, it would be necessary to abandon the Gallup site.

Pulitzer Broadcasting Company has taken all possible steps to prosecute the Petition for Rule Making before the Commission.

Accordingly, for the reasons stated above, Pulitzer Broadcasting Company hereby requests that the deadline for constructing the facilities of Station KOFT be extended for a period of six months after final action by the Commission on the above-noted Petition for Rule Making.

Pulitzer Broadcasting Company also requests that the construction permit for Station KOFT be reinstated; a timely request for extension of time was due to an inadvertent error, namely, applicant was under the mistaken impression that the permit was automatically extended because of the pendency of the above-noted Petition for Rule Making.
